

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant: PERLMAN, Daniel

Title: pH Buffered Alkylene Carbonate
Nail Polish and Paint Remover

Appl. No.: 10/800,492

Filing Date: 03/15/2004

Examiner: OGDEN JR., Necholus

Art Unit: 1751

Conf. No.: 9279

RESPONSE TO NOTICE OF NOT FULLY RESPONSIVE REPLY

Commissioner for Patents
PO Box 1450
Alexandria, Virginia 22313-1450

Sir:

This communication is responsive to the Office Action mailed May 30, 2008 in which the Examiner stated that the prior-filed amendment did not adequately respond to the outstanding rejections over Stevens et al. (US 5,098,591).

Applicant appreciates the Examiner's assistance in clarifying the deficiency in the telephone call on June 2, 2008. During that telephone discussion, it was determined that the electronic copy of the amendment available to the Examiner was missing two pages as compared to the paper copy submitted by Applicant by mail on July 11, 2007.

In order to provide the Examiner with a full copy, Applicant submits herewith a replacement copy of the prior-filed response, which is identical to the original paper copy

Atty. Dkt. No. PERL.03.01

previously submitted except that the original pen signatures on the Certificate of Mailing and on the Amendment have been replaced with electronic signature representations.

Applicant respectfully submits that the Amendment, both as originally submitted in paper and the replacement copy submitted herewith are fully responsive to the Stevens et al. patent cited by the Examiner.

Applicant further respectfully submits that the present claims are allowable, and requests notice to that effect.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

Respectfully submitted,

Date 06/02/2008
